Note

In the annual report of mysore the Industrial school for the year 1894 95 it was mentioned that an Artware manufactory might be established as an offshoot of the Indl. school, mysore

Govt approved of the suggestn and observed that the manufacture of inlaid wory work is chiefly confined to a few shops Mahomedan families in mysore and some of the apprentices in this branch of Art may be selected from them"

No encouragement in the shape of scholarships seems to have been shown to the students learning inlaid wory work now The present communication proposes that 25 scholarships be given to the students who will become apprentices in the Artware manufactory of Mahomedan The amount of the scholarships Rs 45 p m or Rs 540 per annum is an additional charge to
